

Wills Fee Guide

A simple Will for one person starts at £350+VAT

A pair of simple mirror image Wills starts at £550+VAT

This includes all of the following:

- An initial meeting to discuss your circumstances, both family and financial, and your wishes.
- Clear and comprehensive advice in plain English on the best structure for your Will including but not limited to guardianship provisions, funeral wishes, gift of personal possessions and money and your beneficiaries.
- Preparing the draft Will for you to review. If changes need to be made, we can discuss these and then prepare the final Will.
- A second meeting to sign the Will with the team at Howell Jones acting as your witnesses.
- Free safe storage of your Will and we will provide you with a copy of the signed Will for records.
- Free registration of your Will with Certainty, a National Will Register. The registration with Certainty records the existence of your Will and the location of it but the contents of your Will are not disclosed. That way, if your copy Will is lost, misplaced or forgotten over the passage of time, the location of it can be identified and your wishes carried out.

Other costs:

Copies of the deeds to your property. These cost £3 per property (not VAT).
